Important information: The application must also explain how and to what extent use of a workstation will facilitate the dissertation project. In case of external funding (e.g., scholarships), please include proof thereof. The use of a workstation is initially limited to two years. It can be extended upon further application. As there are no permanent staff from the Faculty working at Max-Brauer-Allee 60, use of a workstation is predicated upon your willingness to act as an evacuation or first-aid helper in the name of preventive occupational safety. We thank you in advance for your support in making the Faculty a safe place for everyone to work and meet.
