

Mittwoch, 17 März 2021

| | | |
|-------------|--|---|
| 12:30-13:00 | Welcome Address Vera Troeger | |
| 13:00-14:30 | Parallel sessions | |
| | Good Advice | Modelling Categorical Data |
| | Mert Moral, Evgeny Sedashov, Andrei Zhirnov | Much About Ado Not Very Much? Clarifying the Confusion about Models for Categorical Dependent Variables |
| | Taking Distributions Seriously: Interpreting the Effects of Constitutive Variables in Nonlinear Models with Interactions | Martin Eloff |
| | Thomas Gschwend, Marcel Neunhoeffer, Oliver Rittmann | Local Identification of Unobserved Heterogeneity in Quantitative Analyses of Strategic Sequential Choices |
| | Simulating Quantities of Interest when the Dependent Variable is logged | Xiao Lu, Thomas König |
| | Discussant: Andreas Murr | Discussant: Lukas Stoetzer |
| 14:30-15:30 | Poster Session I | |
| 15:30-17:00 | Parallel sessions | |
| | Measurement in Applied Fields | Spatial and Temporal Dependencies |
| | Nikitas Konstantinidis, Bernhard Reinsberg | Eigenvector-Based Semiparametric Filtering of Spatial Autocorrelation in Regression Models |
| | Local Ownership of IFI Conditionality Programs: Conceptualization, Measurement, and Validation | Sebastian Juhl |
| | Ali Kagalwala, Thiago M.Q. Moreira, Guy Whitten | Picture Perfect: Visualizing Statistical and Substantive Significance of ARCH and GARCH Models |
| | Let them eat pie: addressing the partial contestation problem in multiparty electoral contests | Allyson Benton, Soren Jordan, Andrew Philips |
| | Discussant: Marco Steenbergen | Discussant: Vera Troeger |
| 17:00-17:15 | Coffee break | |
| 17:15-18:15 | Keynote | |
| | Frauke Kreuter | |

Donnerstag, 18 März 2021

| | | |
|-------------|---|--|
| 12:30-13:00 | Hang-out in Gather-Town | |
| 13:00-14:30 | Parallel sessions | |
| | Causal Inference I | Text as Data |
| | Lukas Stoetzer, Xiang Zhou, Marco R. Steenbergen | Elliott Ash, Germain Gauthier, Philine Widmer |
| | Causal Inference with Latent Variables | Mining Narratives from Large Text Corpora |
| | David Carlson, Devin Patrick Brown | Annika Fredén, Moa Johansson, Pasko Kisc Merino, Denitsa Saynova |
| | Estimating a Counterfactual with Uncertainty Through Gaussian Process Projection | The value of implementing complex NLP models in political analysis An elaborative cross-country approach |
| | Discussant: Dominik Hangartner & Marcel Neunhoeffer | Discussant: Theresa Gessler |
| 14:30-15:30 | Poster Session II | |
| 15:30-17:00 | Parallel sessions | |
| | Digital Data | Causal Inference II |
| | Daniel Ebanks, Sanmay Das, Hao Yan, R. Michael Alvarez, Betsy Sinclair | Retrospective causal inference via matrix completion, with an evaluation of the effect of European integration on labour market outcomes |
| | Legislative Communication and Power: Measuring Leadership from Social Media Data | Jason Poulos, Andrea Albanese, Andrea Mercatanti, Fan Li |
| | Theresa Gessler | Profiling Compliers and Non-compliers for Instrumental-Variable Analysis |
| | But is she married? A digital trace data approach to studying users' gendered interest in politicians | Moritz Marbach, Dominik Hangartner |
| | Discussant: Simon Munzert | Discussant: Max Goplerud |
| 17:00-17:15 | Coffee break | |
| 17:15-18:15 | Keynote | |
| | Neal Beck | |

Freitag, 19 März 2021

| | | |
|-------------|---|---|
| 12:30-13:00 | Hang-out in Gather-Town | |
| 13:00-14:30 | Parallel sessions | |
| | More Good Advice | Qualitative Methods |
| | Anja Neundorff, Aykut Öztürk | Alrik Thiem, Lusine Mkrtchyan, Zuzana Sebechlebska |
| | Cost-Effectiveness and Sample Bias in Recruitment using Facebook paid advertisements | Combinational Regularity Analysis (CORA): A New Method for Uncovering Complex Causation |
| | Denis Cohen | Lion Behrens, Ingo Rohlfing |
| | When (not) to trust the overlap in confidence intervals: A practical guide | Bayesian Nested Analysis |
| | Discussant: Thomas Gschwend | Discussant: ? |
| 14:30-15:30 | Diversity/gender meeting | |
| 15:30-17:00 | Parallel sessions | |
| | Experiments in Migration Research | Replication & Sensitive Data |
| | Anna Getmanskyy, Konstantinos Matakos, Tolga Sinmazdemir | Beyond Replication: Secondary Qualitative Data Analysis in Political Science |
| | Humanitarian Concerns and Acceptance of Syrian Refugees in Turkey: A Conjoint Experiment | Florian Kern, Katarina Mustasilta |
| | Gemma Dipoppa | Reproducible Privacy: Using Differential Privacy to Share Sensitive Research Data |
| | Migrants and Winning Votes: Evidence from an Anti-Exploitation Campaign in the Italian Fields | Suso Baleato, James Honaker, Mercè Crosas |
| | Discussant: Sabrina Mayer | Discussant: Christian Arnold |
| 17:00-17:15 | Farewell address | |
| 17:15-18:15 | Social Events in the Gather-Town Pub | |
