

Marine STSing Reading Group

From May 2024 to July 2024, the Marine STSing Reading Group will discuss works by group members as well as invite external speakers.

You are welcome to join!

- 02.05.2024, 14-16h CET, Jörn Behrens
- 23.05.2023, 13-14h CET, Tanja Bogusz
- 20.06.2024, 13-14h CET, tbc
- 02.07.2024, 16-17h CET, Rapti Siriwardane-de Zoysa and Cahya Gemilang

Content of sessions

02.05.24: Jörn Behrens, Professor of Numerical Methods in Geosciences at Hamburg University will share some insights into “End-to-End Tsunami Warning under Uncertainty - A Mathematical and a Pragmatic Perspective” followed by a joint discussion.

23.05.24: Tanja Bogusz (Hamburg University): Tanja will share insights on the German Marine Research Consortium e.V. (KDM) and we will discuss current developments in German marine sciences, as well as (potential) collaboration with natural scientists.

20.06.24: tbc, a free slot - who wants to share his/her/theirs work? Please approach Ramona.

02.07.24: Rapti Siriwardane-de Zoysa (BCDSS) and Cahya Gemilang (Legal Lab) will share their work on “Buoyant Life: Floating Urbanities Adrift in the Archipelagic Imaginary”.

Please join via zoom:
