

Marine STSing Winter Term Sessions

Program

Please note: If you are not part of the Marine STSing reading group, please email Ramona Haegele to be included: ramona.haegele@idos-research.de
It is important to register with us so that we can provide you with the materials and texts that you need to participate.

Wednesday, 26.10., 10-11:30h with Stefan Helmreich & Casper Bruun Jensen

Panel discussion: "STS meets Marine Environments, Part 1"

We will be hosting Stefan Helmreich and Casper Bruun Jensen for an online discussion.

Tuesday, 15.11., 10-11h

Anja Klein

Humboldt Universität zu Berlin

Anja will share material concerning the role of water within practices of modeling human-environment relationships with us.

Tuesday, 13.12., 10-11h & 18-19:30h with Isabelle Simpson and Ashley Carse

Discussion of texts 10:00-11:00h

We will prepare the "STS meets Marine Environments, Part 2".

Panel discussion: "STS meets Marine Environments, Part 2"

We will be hosting Ashley Carse and Isabelle Simpson for an online discussion from 18.00-19:30h.

Tuesday, 17.01., 10-11h

Laura McAdam-Otto

Goethe University Frankfurt

Laura will share fieldwork notes collected in a laboratory in Mexico for joint interpretation/discussion

Tuesday, 07.02., 10-11h

Indrawan Prabaharyaka

Humboldt Universität zu Berlin and Indonesian Research & Innovation Agency

Indrawan will share fieldwork results from a project which deals with gender relations (human-human, human-nonhumans, spatial) in marine knowledge production

Tuesday, 14.02., 10-11h

Ramona Haegele

German Institute of Development and Sustainability & University of Bonn

Ramona will share a draft of a paper on the interaction of an autonomous submersible buoy for marine carbon observations and scientists

Please log in via zoom:

Meeting ID: 860 3088 2247

Code: 417686

Please contact Laura in case you have questions: otto@em.uni-frankfurt.de
