

## Declaration of authorship for examinations during your studies

The declaration of authorship is made up of 3 parts:

1. Introduction
2. Description of the use of GAI in the written work: In the case of course-related examinations, the same requirements for the use of GAI defined by the examiners apply to all students in a course.
3. Final statement

### *Introduction*

I hereby confirm that I have completed this work independently and without external assistance. I have only used the literature and information sources listed in the bibliography and have not used any other internet sources or AI applications. All passages from publications which have been cited literally or summarized are marked accordingly.

### *Description of the use of GAI in the written work*

**I confirm that I have only used generative artificial intelligence (AI) tools to the agreed extent agreed upon with my examiners.**

I declare that I have only used text-generating AI tools as an aid, and that the work submitted is predominantly the result of my input. I am aware that the use of machine-generated texts does not guarantee the quality of content or the text itself.

I take full responsibility for the adoption of any machine-generated text passages, and provide the following list documenting the tasks for which AI tools were used.

In this written work, I have used GAI systems as follows:

- not at all
- for generating ideas
- for creating the outline
- for creating individual passages, which total        % percent of the entire text
- for developing software source code/program code
- for optimizing or restructuring software source code
- for proofreading or optimizing
- for other tasks, namely:

I declare that I have provided full details of all uses. I am aware that missing or incorrect information may be considered an attempt to cheat. I am also prepared to disclose my process (e.g., using working notes, prompts, or oral statements, etc.).

### ***Final statement***

If the use of AI writing tools has not been expressly permitted for the preparation of the written work, these must be marked as such.

This written work has not been submitted in the same or a similar form to any other examination authority in Germany or abroad.

I am aware that a violation of the above provisions may have consequences under the examination regulations and, in particular, may result in the examination being assessed as “insufficient”, or as having failed, and that multiple or severe instances of cheating may result in my being withdrawn from the degree program.

First name und last name of the student:

Date:

Signature<sup>1</sup> of the student
