

HANDBOOK ON GLOBAL CONSTITUTIONALISM

Edited by **Anthony F. Lang, Jr.**, University of St Andrews, UK and **Antje Wiener**, University of Hamburg, Germany

'The Handbook on Global Constitutionalism is a penetrating, rich and thought-provoking volume. Drawing leading scholars of international law, international relations and political theory into constructive dialogue, it is an important contribution to debates over the past, present and future of global constitutionalism.'

— Duncan Bell, University of Cambridge, UK

This *Handbook* introduces scholars and students to the history, philosophy, and evidence of global constitutionalism. Contributors provide their insights from law, politics, international relations, philosophy, and history, drawing on diverse frameworks and empirical data sets to explore the idea of a global constitutional order. Across them all, however, is a recognition that the international order cannot be understood without an understanding of constitutional theory. In bringing together some of the leading contemporary scholars, this *Handbook* will define this field of inquiry for the next generation.

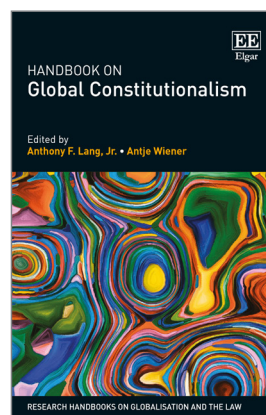

This is the first book in the emerging interdisciplinary field of global constitutionalism and offers contributions from experts in both law and political science. Through historical, legal, political, and ethical analyses it provides unique coverage of distinct perspectives on global constitutionalism. The editors and their authors provide insights into the changing world order by emphasizing the constitutional-like qualities of international affairs, with particular attention to law, power, and human rights.

This unique and innovative *Handbook* will be the definitive state-of-the-art resource for the pioneers of global constitutionalism, as well as those readers interested in international law, international relations theory, comparative constitutionalism, history, public philosophy, political sociology and political theory alike.

Contributors include: G.W. Anderson, A. Arato, J. d'Aspremont, S. Besson, A. Birdsall, G.W. Brown, J. Brunnée, B. Çalı, E. Carolan, M.W. Doyle, J.L. Dunoff, B. Fassbender, I. Ferguson, J.
