

Faculty/Departement Economics and Social Science/Socioeconomics / Economics
Seminar/Institute Environmental Economics / Public Economics

Pending approval of external funding Universität Hamburg invites applications for two Research Associates for the project **“Norddeutsche Energiewende (NEW 4.0)”** in accordance with Section 28 subsection 3 of the Hamburg Higher Education Act (Hamburgisches Hochschulgesetz, HmbHG). The position commences on 1st February 2017.

It is remunerated at the salary level TV-L 13 and calls for 75 % of standard work hours per week*.

The fixed-term nature of this contract is based upon Section 2 of the Academic Fixed-Term Labor Contract Act (Wissenschaftszeitvertragsgesetz, WissZeitVG). The term is fixed to 30th November 2020.

The University aims to increase the number of women in research and teaching and explicitly encourages qualified women to apply. Equally qualified female applicants will receive preference in accordance with the Hamburg Equality Act (Hamburgisches Gleichstellungsgesetz, HmbGleiG).

Responsibilities:

Duties include academic services in the project named above. Research associates can also pursue independent research and further academic qualifications.

Specific Duties:

NEW 4.0 (<http://www.new4-0.de/>) is a joint large scale project of business, academia and politics funded by the Federal Ministry for Economic Affairs and Energy. Activity 5.2 will develop and empirically validate proposals for an electricity market design and general regulatory framework capable of transforming the energy system in northern Germany. It will take into account the specific technical and geographical conditions in Schleswig-Holstein and Hamburg.

The duties comprise reviewing the relevant literature, developing suitable regulatory interventions and empirically validating them using lab and field experiments. Coordination and collaboration with other teams in the project and writing publications targeted at the scientific community, stakeholders and the general public are also part of the post-holders' responsibilities.

Requirements:

A university degree in a relevant field. A Master or equivalent degree in Economics or a related discipline are required.

Applicants must have a profound knowledge of microeconomic theory and its applications. They have excellent analytical skills and a great interest in research, as well as a very good

* Full-time positions currently comprise 39 hours per week.

command of English and interest in working in a team. A strong background in environmental, energy or experimental economics is highly desirable.

Severely disabled applicants will receive preference over equally qualified non-disabled applicants.

For further information, please contact Prof. Grischa Perino (grischa.perino@wiso.uni-hamburg.de) or Prof. Andreas Lange (andreas.lange@wiso.uni-hamburg.de) or consult our website at <http://www.new4-0.de/> , <https://www.wiso.uni-hamburg.de/fachbereich-sozoek/professuren/perino.html> , <https://www.wiso.uni-hamburg.de/fachbereich-vwl/professuren/lange.html>.

Applications should include a cover letter, curriculum vitae, and copies of degree certificate(s). The application deadline is 1st December 2016. Please send applications to: grischa.perino@wiso.uni-hamburg.de.
